# IOS/Android App

# 01. The Challenges of Multimedia Content Creation.

## Time-Consuming

The video production process is lengthy, from concept to post-production.

## Technical Skills

The need for professional video editing skills limits creativity.

## Cost

High expenses associated with quality video content production

## Message Delivery

Difficulties in conveying powerful and impactful messages through video.

## Engagement

Attracting and retaining viewers with video content is a significant challenge.

## 02. Solution

### (AI-Powered Content Creation)

#### AI Efficiency

Slash video production times with our smart tech.

#### Ease of Use

Create pro-level videos easily, no advanced skills needed.

#### Affordability

Bring down costs, democratizing quality video production.

#### Engagement Boost

Captivate audiences with AI-crafted content.

#### Clear Messaging

Deliver your stories effectively with AI that understands narrative nuance.

# 03. Product & Technology Overview

(AI Powers Essentials - Unleash Your Creativity)

## Quick Steps:

- Text To Video:

Input Text

AI Creates Video

- Image To Video:

Upload Images

Transform Into Video

- EMO Face:

Choose Emotion

Faces Animate

- Image To Dance:

Pick An Image & Dance

AI Creates Video

## Simple Process

**Unleash Creativity:** With AI Powers, Turn Imagination Into Visual Reality, Effortlessly.

## 05. Business Model (Our Value Creation Model)

AI Powers Operates On A Unique And Sustainable Business Model Designed To Generate Value For Both Users And Token Holders. Key Components Include:

**Tokenomics:** A Smart Structure Where AIP Tokens Grant Access To Premium Features, Empower Project Governance Participation, And Offer Rewards From Platform Growth.

**Token Value Optimization :** We Dedicate 50% Of Profits From Our Mobile App To Burn Tokens, Reducing Supply And Boosting Value. The Remaining Profits Are Distributed To Token Holders Who Stake, Enhancing Community Loyalty And Financial Stability. This Approach Diminishes Market Volatility Impacts.

**Content Creation With Tokens :** Users Utilize AIP Tokens To Generate Content, Driving Continuous Demand And Circulation Within The Ecosystem.

**Product Development And AI Research :** 50% Of Revenue Is Reinvested Into Product Enhancement And AI Research, Ensuring AI Powers Remains At The Forefront Of Technology And Innovation.

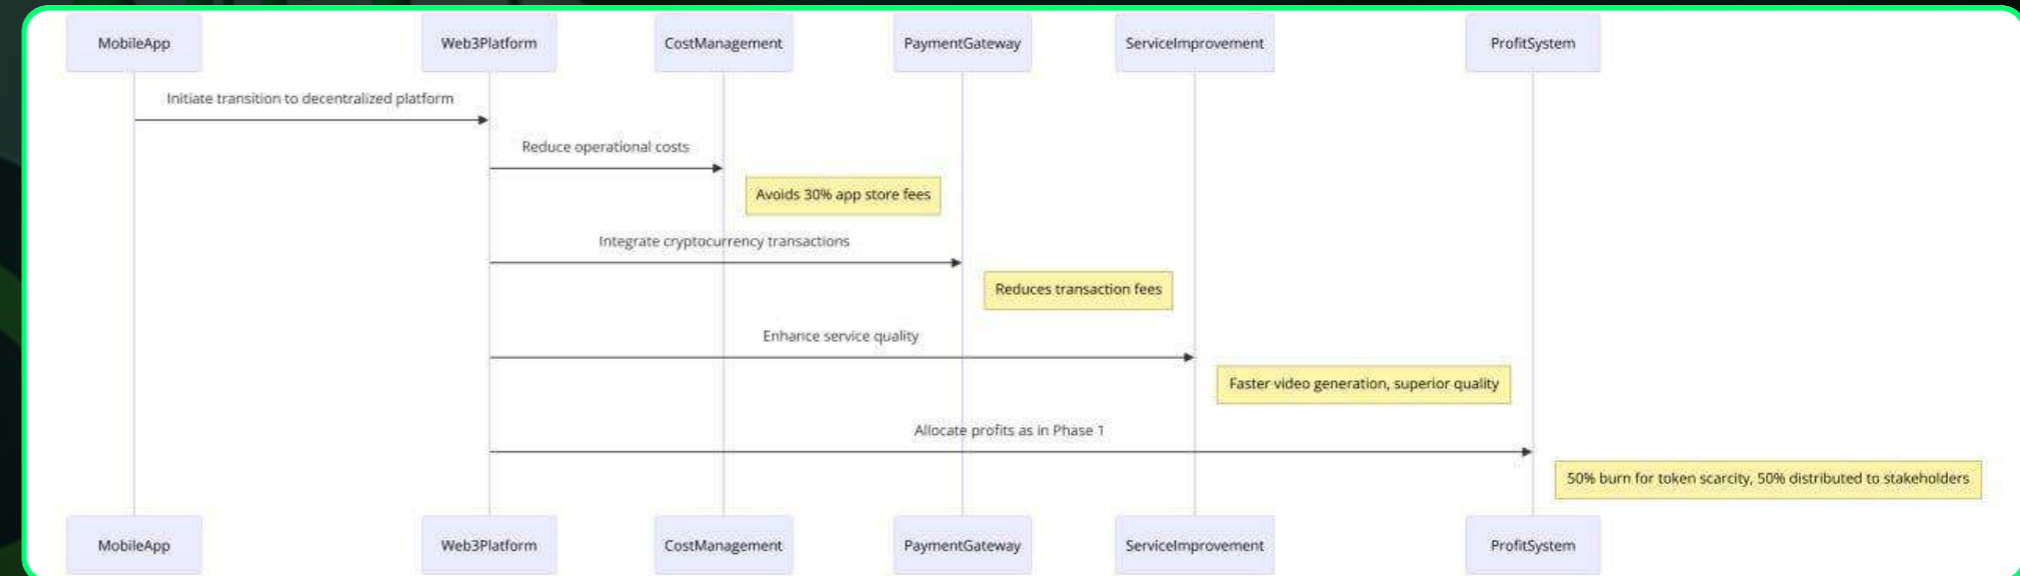

Our Business Model Not Only Secures AI Powers' Sustainable Growth But Also Commits To Long-Term Value For Our Community, Leveraging Continuous Innovation And Strategic Partnerships To Revolutionize Content Creation And Benefit All Stakeholders.

# 06. Cash Flow Diagram

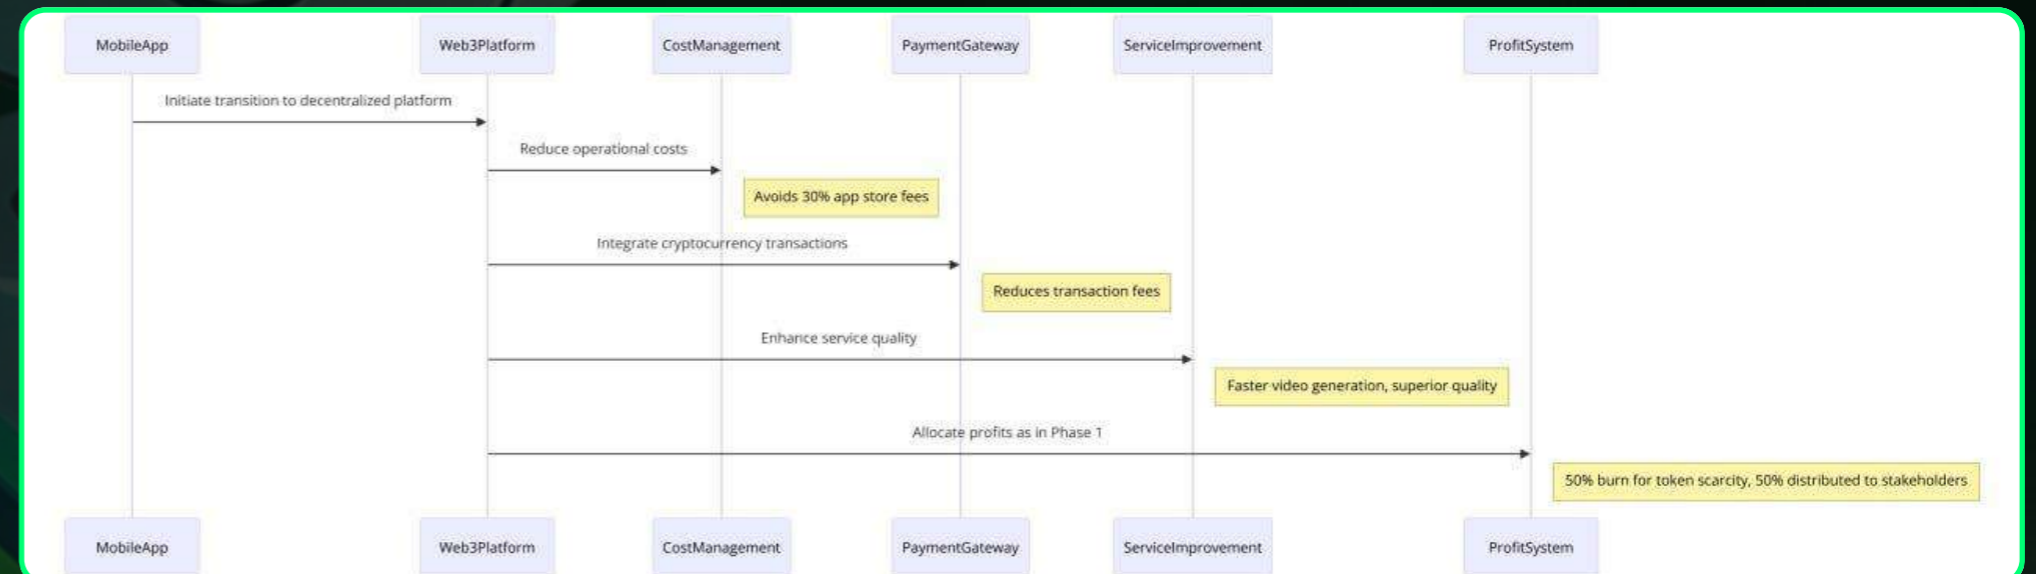

## Phase 1: Token Value Optimization

- Action: Allocate 50% of profits from mobile app operations to burn tokens.
- Purpose: Reduces token circulation, enhancing token scarcity and value.
- Rewards: The other 50% of the profits are distributed to token holders who stake their tokens.
- Benefits: Increases community loyalty and financial stability, making the financial base less susceptible to market fluctuations.

## Phase 2: Expansion into Web3

- Transition Strategy: Shift from mobile applications to a decentralized Web3 platform.
- Cost Reduction: Avoids the 30% fees from traditional app stores like Google and Apple.
- Payment System: Integrates cryptocurrency transactions, cutting operational costs.
- Service Improvement: Offers faster video generation times and superior video quality.
- Profit Allocation: Similar to Phase 1, 50% of Web3 profits are used to burn tokens, and the remaining 50% is distributed to stakeholders.
- Goal: Continues to enhance token value and scarcity, rewarding community engagement and investment.

# 06. Market Opportunity (Developing Market)

Providing statistics and forecasts on the content creation and AI market to illustrate the potential for growth and market opportunities for AI Powers.
